The Best
Got Better

Wintriss is pleased to announce the launch of our new flagship press automation controller – the SmartPAC PRO. The PRO includes all features of the original SmartPAC series of controls, with many exciting additions:

- Vivid Touch Screen Interface
- User-configurable Dashboards
- Mobile App for Remote Access
- Unlimited Job Storage
- External USB Port for Memory Backup, Scanners, and Other Devices
- Backward-compatible with all SmartPAC Modules
- Installation-friendly Remotable I/O
- New Enclosure with Optional Industrial Pendant Arm
- Seamlessly Integrates with HMI Development Environments (such as Wonderware®) for Custom Automation and IIoT Applications.

Visit us at Fabtech Booth #A5437 and see it for yourself.

SmartPAC PRO | **WINTRISS®**
